How are you? You will 0)\_\_\_\_\_ guess where I have just got back from. A holiday in Costa Rica! You know, the country in Central America.

My parents 1)\_\_\_\_\_ this location on the Trip Advisor website. The reviews said it was the best place in the world to take children. After we checked into the hotel, we had a quick supper and went to sleep, as everyone was really 6)\_\_\_\_\_ after the long journey.

The next day we woke up early and went for a walk through the rainforest. We walked on rope bridges. Because they are quite dangerous, you are 7)\_\_\_\_\_ to go on them without a guide. It was a really 9)\_\_\_\_\_ holiday – we never stopped sightseeing and doing new things. There was so much to do that I can't tell you everything in this email, but we can 10)\_\_\_\_\_ when we get back to school.

Yours Dave

## Reading Task 2

Read the text and answer the questions below. Choose the correct option, a, b, c, or d. An example has been done for you.

### *War Horse* by Michael Morpurgo

Sir Michael Morpurgo is an English writer who is mostly known for children's novels such as *War Horse* (1982).

**Para. 2** His books are very popular and he is famous for his "magical storytelling". In his books, he describes his characters' relationships with nature and often uses powerful settings, such as World War I. He often shows people coming together and helping each other in times of crisis. In *The Wreck of the Zanzibar* (1995), \_\_\_\_\_, a small community on an island struggles to survive in cold winter conditions.

When he was a child, Michael was sent away from his home to boarding school. He was only 7 years old. The school was very strict, which he did not enjoy. He also missed his family a lot. He later described his unhappy experiences at boarding school in his novel *The Butterfly Lion*. Michael then went to King's School, a school in Canterbury, Kent, where he felt less homesick than at his previous school.

Michael and his brother were brought up by his mother and a stepfather, who was not encouraging to his sons. He was disappointed that his sons didn't do as well as he expected at school, and called Michael "a bear with very little brain." His stepfather decided Michael should join the army, and sent him to the Royal Military Academy Sandhurst. Michael quickly realised that a soldier's life was not for him, and left after nine months.

**Para. 5** Michael then studied at university before becoming a teacher. It was not until he was teaching in Kent that he discovered his \_\_\_\_\_ as a writer.

**Para. 6** Michael got married at the age of 19. In 1976, Michael and his wife Clare bought a farm and established the charity *Farms for City Children*. He wanted to introduce the countryside to children brought up in cities. The programme involves the children spending a week at a countryside farm, during which they take part in real work. About 85,000 children have taken part since it was set up, and the charity now has three farms. Morpurgo has \_\_\_\_\_ to the charity as his greatest achievement in life.

*War Horse* was changed into a stage play by Nick Stafford. It was first shown at the National Theatre, London, on 17 October 2007. The horses were played by life-sized horse puppets made by a company in South Africa. The puppets were so good that many children thought they were real horses, and they found the play really entertaining and not at all scary.

The play was supposed to be on in the theatre for 16 weeks. However, due to popular demand the show was moved to the New London Theatre in the West End on 28 March 2009. It finally closed in the West End after eight years, having been seen by 2.7 million people in London and seven million worldwide. It was the National Theatre's most successful production.

In 2011, *War Horse* was adapted into a British film directed by the famous American director Steven Spielberg. The film was nominated for many awards, including six Academy Awards (Oscars). During filming, fourteen different horses were used as the main horse character Joey, because they needed to show him aging. Four horses played the other main horse character, Topthorn. Up to 280 horses were used in the battle scenes.

To date, Sir Michael Morpurgo has written over 300 works in 25 languages. They are \_\_\_\_\_ in 55,000 libraries around the world.

#### Text A

##### *The Sheep Pig*

This book was first published in 1983, with illustrations by Mary Rayner. When Farmer Hogget wins a piglet (a baby pig) at the fair, he is amazed that Fly, his sheep-dog, welcomes him as one of her own pups. Fly names the piglet Babe and teaches him all he needs to know about the farm and its animals.

GAP\_\_\_\_\_ Babe watches his 'mum' round up the sheep, he decides he would love to try too. However, his legs are too short and he is far too fat to run around after a flock of sheep. He then tries a different tactic: politely asking the sheep to form an orderly line! The sheep are so surprised to be treated with respect that they happily agree. And Farmer Hogget soon notices that Babe has a great way of dealing with them!

One of Dick King-Smith's best-loved stories, this wonderful book is full of humour. The short chapters make it ideal for very young readers, and it will be especially enjoyed by young animal lovers.

#### Text B

##### *That Rabbit Belongs to Emily Brown*

One day they are attempting to launch themselves into space from the kitchen when one of the Queen's servants knocks at the door. He demands Emily give Stanley away in GAP \_\_\_\_\_ a brand-new teddy bear.

Emily refuses, but the Queen keeps asking. The queen keeps sending her servants to try and convince the girl to accept the bear and give up the rabbit. In the end the naughty Queen orders for Stanley to be stolen, but soon discovers that you can't make someone else's toy your own. In the end, Emily rescues Stanley. But first, she suggests that the Queen has some adventures with a brand-new teddy to make him into a 'real toy of her own'.

With a really funny text and lively illustrations, this fantastic picture book was a deserving winner of the 2006 Nestle Gold Award. A real treat for any child who has a much-loved toy of their own.

### Text C

#### *The Arrival*

In this unusual book, we follow a young man as he packs his bags and leaves his family to go and start a new life in another country. During his journey, he finds it difficult to communicate, find somewhere to live, and find a job and enough food. He is also learning the stories of other immigrants. The story ends with his family joining him. They all look forward to a happy future.

This is a classic, wordless novel full of wonderful pictures. But even without any words, its images perfectly show what it means to leave your country and your family, and start a new life in a new country. The book is beautifully illustrated with black and white drawings. It also has a dreamlike atmosphere in which nothing is what it GAP 1)\_\_\_\_\_, and domestic appliances (for example fridges and kettles) change into strange creatures.

Children and adults of all ages will be charmed by this moving story. It is also a wonderful opportunity to look at themes of immigration, loneliness, and language in the classroom. For younger readers, this is a book that will GAP 2)\_\_\_\_\_ from being read together with an adult. This is because they can explain what it might feel like to find oneself in an alien country without knowing the language. There are a few dark images in the book, so it's definitely for children old enough to have a conversation with an adult about why those images might be there.
